

September 2004

Ms. Marlene H. Dortch
Office of the Secretary
Federal Communications Commission
Washington, DC 20554

Dear Ms. Dortch:

I am writing related to the Petition filed by UNC-TV, the public television network serving North Carolina, to change WUND-TV/DT's community of license from Columbia, North Carolina, to Edenton, North Carolina, placing WUND in the Norfolk Designated Market Area (DMA).

As a viewer and donor of UNC-TV in the Tidewater area, I support this Petition, and I urge the Federal Communications Commission to grant UNC-TV's request. Satellite viewers in the Norfolk region would enjoy having UNC-TV programs available to them. It would be a wonderful addition to the services offered by WHRO, and everyone would benefit.

UNC-TV not only broadcasts excellent public television programs from PBS, but it also produces and broadcasts hundreds of hours of programs about North Carolina. Those of us in Virginia who spend time in North Carolina really enjoy seeing these programs. These programs include a nightly information program, **North Carolina Now**; a weekly program on activities, events, and places to go in North Carolina titled **North Carolina Weekend**; and an extensive, ongoing schedule of documentaries and specials on North Carolina cultural activities and events. It is fun to keep up with our next-door neighbor.

I believe that this change will have an extremely positive impact on those viewers who want to receive UNC-TV by satellite—in North Carolina and Virginia. I support this Petition.

Sincerely,

Dear Ms. Dortch:

I am writing related to the Petition filed by UNC-TV, the public television network serving North Carolina, to change WUND-TV/DT's community of license from Columbia, North Carolina, to Edenton, North Carolina, placing WUND in the Norfolk Designated Market Area (DMA).

As a viewer and donor of UNC-TV in the Tidewater area, I support this Petition, and I urge the Federal Communications Commission to grant UNC-TV's request. Satellite viewers in the Norfolk region would enjoy having UNC-TV programs available to them. It would be a wonderful addition to the services offered by WHRO, and everyone would benefit.

UNC-TV not only broadcasts excellent public television programs from PBS, but it also produces and broadcasts hundreds of hours of programs about North Carolina. Those of us in Virginia who spend time in North Carolina really enjoy seeing these programs. These programs include a nightly information program, **North Carolina Now**; a weekly program on activities, events, and places to go in North Carolina titled **North Carolina Weekend**; and an extensive, ongoing schedule of documentaries and specials on North Carolina cultural activities and events. It is fun to keep up with our next-door neighbor.

I believe that this change will have an extremely positive impact on those viewers who want to receive UNC-TV by satellite—in North Carolina and Virginia. I support this Petition.

Sincerely,
